

Data Sheet

Tray Large

The AION Large tray is made from 100% recycled and circular polypropylene/polyethylene from mainly marine sources.

All products are integrated with AION Loop. AION Loop is a digital platform that lies at the heart of our business model in order to collect and utilize data from AION's circular value chain. We ensure to know the exact material composition, follow the product throughout the full life-cycle and provide thorough ESG reporting.
